Aspiring software developer with hands-on experience in development and data management. Seeking to apply my knowledge of Programming while gaining experience in real-world software development projects.

## Skills

- Programming Languages: Python, Java, C, C++, C#, SQL
- Databases: MySql, MongoDB, SQLite3
- Web Technologies: HTML, CSS, JavaScript, PHP
- Frameworks: ASP.NET, Django, Tkinter

## Education

- Master of Computer Application (Semester 3)

  CHARUSAT | CGPA: 9.21 | Expected 2025
- Bachelor of Computer Application

  Sardar Patel University | CGPA: 8.57 | 2023
- XII (GSEB) | 12th Commerce

  74.0% | 2020

## Academic Projects

- **Campus Placement and Recruitment System**

  A web application built with Django and SQLite3 that allows students to apply for placement drives, while recruiters can create job openings and announcements. Coordinators can manage student and recruiter accounts.

- **Multi-User Blog Platform**

  Developed using Django and SQLite3, this platform enables users to create, edit, and delete their blogs, as well as view posts from other users.

- **Accounting Software**

  Designed with Tkinter and MySQL, this single-user tool manages income and expenses for multiple companies, generating reports and analyzing profit and loss.

- **E-Learning Website**

  Built with Django and SQLite3, this project allows users to purchase courses through online payment. Upon course completion, users receive certificates via email. Courses can be managed through an admin panel.

## Hobbies

- Coding Challenges, Cricket, Travelling, Playing Video Games
